

LEGACY Leadership and Mentoring Program
University of Central Florida
Mentor Application

“A good mentor is a trusted counselor or guide, always challenging you, inspiring you and demanding that you do your best.”

The LEGACY Leadership and Mentoring Program supports the retention and graduation of ethnic minority students who are sophomores, juniors or seniors at the University of Central Florida.

Scholars are paired with mentors who assist them in acquiring the knowledge and skills to become effective students, purposeful leaders, and involved citizens. Although each relationship is different, all mentors work to keep their LEGACY scholars moving forward by improving their professional skills, cutting through some of the “red tape,” and serving as advisors when tasks seem particularly challenging.

LEGACY Scholars gain unique experiences by attending seminars and workshops, participating in networking events and socials, and engaging in community partnerships to enhance their personal and professional development. Mentors also learn from their emerging leaders and contribute to a more inclusive UCF culture.
